## **2. Banking Analyst – Expert Summer Intern Programme – 2024 - Barclays**

[https://search.jobs.barclays/job/-/-/22545/43967133376?src=JB-12160&utm\\_source=Indeed&utm\\_medium=organic&utm\\_campaign=Indeed](https://search.jobs.barclays/job/-/-/22545/43967133376?src=JB-12160&utm_source=Indeed&utm_medium=organic&utm_campaign=Indeed)

### **Job description**

#### **Join the world of banking**

**Every day, corporations worldwide come to Barclays for our banking expertise. We help drive global commerce by providing comprehensive financial, advisory and capital-raising services. Our bankers advise on everything from privatizations and mergers and acquisitions to debt and equity financings and restructuring. Want in? Apply to become a Summer Analyst.**

#### **The chance to make an impact**

**As a Summer Analyst, you'll spend the summer learning the art and science behind executing a transaction. As a member of one of our industry, product or geographic groups, you'll work on live deals and deal proposals. You may also work on projects that include:**

**financial analysis and modeling**

**valuation**

**industry research**

**client due diligence**

**developing written materials, including offering memoranda and new business presentations.**

#### **A place where you can thrive**

**At Barclays, you'll be surrounded by people who will help you achieve your**

**ambitions. Our collaborative, supportive environment gives you the chance to build solid relationships with senior leaders and peers alike. During the program, you'll also:**

**participate in formal and informal training  
connect with junior and senior mentors  
attend dedicated networking sessions and other program events  
receive detailed performance feedback  
give back to the community through volunteer events.**

**And if you really impress us, this could be the beginning of an incredible career. We invite top-performing, eligible Summer Analysts to join us as full-time Banking Analysts after graduation.**

**Opportunities where you want to be**

**The Banking Summer Analyst position is typically available in Calgary, Chicago, Houston, Los Angeles, Menlo Park, New York and Toronto.**

**To be considered for this program, you must:**

**Be an undergraduate student with an anticipated graduation date between December 2024 - June 2025.**

**Ideally, you would also have:**

**a GPA of 3.2 or above  
unrestricted work authorization in the country you're applying to work within  
a strong interest in business and finance, though no specific major is required  
course experience in accounting (strongly recommended)  
resourcefulness, team-orientation, enthusiasm and an entrepreneurial spirit,  
demonstrated through participation in extracurricular activities.**

**For further information about Barclays, please visit our website [home.barclays](https://home.barclays)**

**To learn more about careers at Barclays, visit [search.jobs.barclays](https://search.jobs.barclays)**

### **3. Fall 2023 Finance Internship Canada - September - December**

#### **2023 - Unilever**

[https://unilever.wd3.myworkdayjobs.com/en-US/Unilever\\_Experienced\\_Professionals/job/Toronto-ON/Fall-2023-Finance-Internship-Canada---September---December-2023\\_R-64528?utm\\_source=indeed.com&utm\\_medium=job\\_posting&utm\\_campaign=2021\\_campaign&source=indeed.com](https://unilever.wd3.myworkdayjobs.com/en-US/Unilever_Experienced_Professionals/job/Toronto-ON/Fall-2023-Finance-Internship-Canada---September---December-2023_R-64528?utm_source=indeed.com&utm_medium=job_posting&utm_campaign=2021_campaign&source=indeed.com)

#### **Background & Purpose of the Job**

The purpose of the Internship Program is to introduce students to Unilever through a challenging and rewarding experience, which offers them the opportunity to contribute to business goals. At the conclusion of the 4-month internship, all interns present their project findings to a panel of key business leaders. Following the Internship, you may be invited to join Unilever in a full-time role.

#### **Who You Are**

Work with great people and great brands to do work that makes you proud every day. Unilever offers the chance to make a real positive impact within a purpose-driven sustainable business.

You're a born leader: You seek fresh opportunities, insisting on innovation and never settling for "good enough." You take pride in delivering work to the highest standards.

You're a dot connector: You are innovative, resourceful, willing to overcome challenges, and are motivated to improve or create something new.

You're a change-maker: You know there is always a way we can improve results and you are committed to helping others see those possibilities.

You're a strategy guru: You love to think outside the box and imagine new possibilities for the business. You are a visionary, creating strategies to drive business growth and inspiring others along the way.

You love to win, and have fun doing it: You believe in taking the lead in the marketplace versus following. You have a positive attitude about the company's future and a passion for winning.

### **What You Will Do**

#### **Finance Excellence Team Customer Development - Toronto**

Support the monthly Sales forecasting process, month end analysis, compilation of Canadian CD balanced scorecard, and trade spend analysis

Prepare and maintain customer P&L files with analysis

Consolidate monthly Earn/ Spend report & Matrix for management review

Liaison with various account teams to understand invalid status and provide commentary/insights to team

Analyze monthly payments due and communicate updates to Key Account Managers (KAMs) for specific customer accounts

Assist with the eCommerce analysis

Assist with required SAP Business Intelligence (BI) data pulls for different Customer P&Ls

#### **Finance Excellence Team S&OP – Toronto**

Support the monthly business rhythm (S&OP), month end processes and Global forecasting submissions from a Total Company perspective

Assist in the consolidation and P&L analysis

Prepare Market Share reports

Assist in improving current tools and processes for Management Report and P&L analysis

Ad hoc support to the FET Decision-Support team and FET-Marketing Finance teams

Liaison with cross-functional teams to support our Monthly Performance and KPI tracker

#### **Treasury Corporate Services and Special Packs & Displayers – Toronto**

This is a hybrid role of both treasury and SP&D (special packs and displayers)

Front-line support on the North America Treasury and day today banking operations

Business partnering and decision support to Canada Benefits on pension, retirement, health care and other benefits accounting and reporting and ME close processes

Remit payments on time for EE pension contributions, ER calculations & contributions and Pension cross charge to Northern Trust

Support on Benefits and Pension annual budget

Support on Treasury, Benefits and pension account reconciliation

Assist in Royalty Accrual and payment process on select Categories

Assist Finance Excellence Team with special pack & displayer financial evaluations, while business partnering with In-store Visibility teams for key inputs

### **What You'll Need To Succeed**

The successful candidate should be working towards completion of a Business Administration degree with a specialization in finance and an interest to pursue a career in the Consumer Packaged Goods (CPG) industry. We seek individuals who are dedicated, mature, outgoing and thrive in a team environment. Superior proficiency in Excel and PowerPoint is required; along with an overall level of expertise in PC/MS Office environments. The successful candidates will be results-oriented with demonstrated initiative and drive. They will possess excellent interpersonal, communication, analytical skills with a sound knowledge of accounting principles. Prior relevant work experience with a CPG company and working knowledge of SAP is considered an asset.

## **4. Finance Intern - Rogers**

<https://jobs.rogers.com/job/Toronto-Finance-Intern->

Executing on components of the risk-based annual audit plan

Evaluating processes and controls relevant to financial reporting

Preparing and documenting audit files

Working with finance, IT and other business leaders to assess control effectiveness and to identify process efficiencies and improvements

Identifying control weaknesses and opportunities for improvement, and developing and communicating pragmatic recommendations

Other ad hoc projects and analysis, as required

**Education and Credentials:**

Post Secondary education

Working towards or completed a Professional Accounting, Auditing or other relevant designation

**Professional Experience and Personal Attributes:**

Strong knowledge of business process documentation and analysis  
Excellent analytical skills  
Creative approach to problem solving  
Ability to prioritize multiple tasks with excellent organizational skills  
Experience conducting audit, risk and control assessments  
Experience performing technology, financial, and/or operational audits  
Proven capability to manage to deadlines within budget to deliver quality results  
Strong interpersonal skills, including interviewing and building strong relationships  
A proven team player & ability to interact and work with people with a variety of backgrounds and at different levels within the organization  
Experience using data analytics to assist with the delivery of assessments is desirable  
Knowledge of CobiT, ITIL, IFRS and COSO considered an asset  
Excellent communication skills, including presentation and written communications  
Ability to maintain composure in stressful situations  
Effective negotiating, influencing and mediating skills

Schedule: Full time

Shift: Day

Length of Contract: 6 Months

Work Location: 1 Mount Pleasant (083), Toronto, ON

Travel Requirements: None

Posting Category/Function: Finance & Accounting & Audit / Compliance

Requisition ID: 291200

Reporting to the Finance Manager, the Finance Co-op Student will be responsible for daily activities such as General Ledger maintenance and entering billings and payroll entries into the systems. While performing administrative tasks and additional duties as required. This is a 12-month Co-op opportunity with our Utilities Finance team.

## **What You'll Do Here**

Assist with month end close off process (i.e., preparation of journal entries for divisional financial statements and elimination entries, recurring entries and accruals);

Assist with the preparation of monthly management report, including financial statements and supporting schedules;

Monthly inter-company reconciliation and confirmation with other Aecon divisions;

Monthly JV Billings and associated reconciliations;

Account analysis and preparation of working papers and schedules;

Prepare joint-venture financial statement for JV Partners;

Perform reconciliations and variance analysis, ensuring timeliness and accuracy;

Build and maintain excel reporting models used for monthly and quarterly reporting;

Assist with preparation of business plan and quarterly forecast, including entry and maintenance of data in accounting system;

Assist with interim and year end audit and reporting requirements;

Assist with year end tax worksheets;

Assist with client reporting;

Document and ensure continuous process improvements are applied within area of responsibility;

Participate in special projects and initiatives as required.

## **What You Bring to the Team**

Related Post-Secondary education; working towards Accounting/Finance designation (CPA, CGA, CMA, CA)

Demonstrated computer software proficiency with Microsoft Office; advanced Excel skills required

Excellent and proven organizational skills in order to meet multiple deadlines and handle multiple tasks within a fast paced work environment

Strong analytical and interpersonal skills

Ability to work effectively in a team

Ability to work with a sense of urgency by demonstrating the ability to shift priorities to accomplish objectives

Effective time management in order to keep commitments to both internal and external clients

Excellent communication skills

## **7. Marketing Internship - Fall 2023 - FanDuel**

[https://www.fanduel.careers/open-positions?gh\\_jid=5132745&gh\\_src=ba823b7b1us](https://www.fanduel.careers/open-positions?gh_jid=5132745&gh_src=ba823b7b1us)

THE POSITION:

Our roster has an opening with your name on it

You will become a critical member of a lean Canada team responsible for growing FanDuel Sportsbook and Casino in Ontario. Through this role, you will gain exposure to business operations, marketing (content, activation, and retention), and marketing analysis for both product verticals. You will also work

with a wide group of key stakeholders in commercial, product, technology, risk & trading and analytics.

#### THE GAME PLAN:

Everyone on our team has a part to play

We are looking for a teammate who can:

Research the market, consumers, and competition to help drive decisions for our sportsbook and casino

Synthesize data and research findings into actionable recommendations for the leadership team

Support marketing on the execution of content strategy, activation, and CRM

Stay on the pulse with daily performance (e.g., revenue increase/decrease and reasons for)

Support/prepare financial analysis for key projects

Support in executing against agreements with key partners (e.g., bringing partnership campaigns to life)

Stay up to date with the trends in our industry including broadcast integrations

Support the delivery of our League and Team Partnerships (NFL, NBA, NHL, MLB and MLSE)

Be creative and bring new ideas or ways of doing business to the team

Be organized and support budget and campaign summaries

## THE STATS:

What we're looking for in our next teammate

Actively pursuing a degree in commerce, marketing, math, finance, or other quantitative fields with a strong GPA

Very strong proficiency in PowerPoint, Excel and other analytical tools

Demonstrate passion for the industry

## PLAYER CONTRACT

We treat our team right

From our many opportunities for professional development to our generous insurance and paid leave policies, we're committed to making sure our employees get as much out of FanDuel as we ask them to give. Competitive compensation is just the beginning. As part of our team, you can expect:

An exciting and fun environment committed to driving real growth

Opportunities to build really cool products that fans love

Mentorship and professional development resources to help you refine your game

Flexible vacation allowance to let you refuel

Hall of Fame benefit programs and platforms

## **9. Product Operations Internship (Fall 2023) - Thentia**

<https://thentia.bamboohr.com/careers/314>

### **About Thentia**

Thentia is a fast-growing, venture capital-backed software as a service (SaaS) company that is emerging as a world leader in government technology with a platform that is transforming and modernizing how regulatory organizations are conducting business. A company of builders, thinkers, and owners, Thentia gives employees the opportunity to create amazing solutions, showcase their talents, and benefit from our shared success as we scale up in the U.S., Canadian, and global markets. Further, Thentia's solutions directly impact public trust and regulatory integrity, helping regulators and agencies meet 21st century standards by leveraging predictive analytics, Big Data, AI, and other innovative capabilities. Internally, our culture fosters collaboration, inclusivity, intellectual curiosity, and professional development.

## **About The Role**

As a Product Operations Intern, you will be supporting the Product Management team in maintaining the product-market fit and product development lifecycles affecting the business and operations in the specific region and/or market. You will assist in developing business insights, managing feedback and technical request(s) from various stakeholders and transforming the data into product requirements that will allow the Product Managers to utilize data analytics.

We value merits and performance highly - depending on how you perform over time, you may have the opportunity to lead a project on your own with some supervision.

## **Responsibilities:**

Document and configure systems to support features deployment.

Collaborate with multiple teams (product, development, marketing, sales, etc.) to support feature releases and to gain insight into critical indicators that provide insight into the operational status of the product portfolio

Ensure operational readiness is there for successful solution launching.

Manage the internal launch calendar: Effectively prioritize requirements and datelines from internal teams to ensure effective launch readiness and clear communication with stakeholders on how a launch will impact their team and the clients.

Regularly update stakeholders on plans, milestones, gaps, and solutions

Following Agile processes which support product requirements, backlog grooming, sprint planning, and ticket creation

## **Qualifications:**

Currently pursuing studies in product design/development, computer science/engineering or related discipline and/or equivalent experience.

A commitment of 8 months of internship (commencing Fall 2023)

You are entrepreneurial and self-driven.

Comfortable working in ambiguous yet fast-paced environments and passionate about shaping products that scale and fit to the business needs.

A clear communicator of product decisions and their rationale.  
Excellent time management, written and verbal communication skills  
Exceptionally organized with strong attention to detail  
Excellent stakeholder management skills.  
Comfortable with project management and leading complex coordination/task allocation.  
Comfortable with troubleshooting system issues with various teams as they arise.

We're proud to be 'Great Place to Work' certified in the U.S. and Canada. Nearly 90% of our employees have participated and nearly 9 out of 10 employees overall agreed that Thentia is a 'great place to work'.

## **10. Sales Intern - September 2023 - BrainStation**

<https://boards.greenhouse.io/brainstation/jobs/5637661003>

### About the Role

BrainStation offers world-class digital skills courses and bootcamps for professionals to kick-start or accelerate their careers in data, design, development, marketing and product. Living at the intersection of technology, education and growth, you are an individual who is fascinated with all things digital, thrilled to democratize learning, and eager to contribute to BrainStation's overall success. In this multifaceted role you will work in collaboration with our marketing, demand generation and sales teams, and support senior team members as you build up your experience as a Sales Intern.

### Responsibilities

Advise, inspire and motivate professionals to elevate their careers in technology

Drive growth through revenue generating activities including but not limited to outbound calls, emails, and video conferencing with prospective customers

Build community by leveraging BrainStation's world-class thought leadership, kick-start your career, and intro day workshops and events

Leverage cutting edge revenue driving platforms like MixMax, Gong, and more, to learn, apply and execute best practices

Work collaboratively with our product, learning design and experience teams to iterate on and curate bespoke digital learning products

Invest in understanding and creating long-lasting relationships with industry partners, organizations, and other community leaders pursuing digital skills training for their members

## Requirements

Goal and results oriented

Outgoing, energetic, and fun

Passionate about education, technology and growth

Committed to succeeding in this role and growing with BrainStation

## Perks and Benefits

Mentorship Program

Campus Ambassador Program

Service Recognition Programs

Socials, Outings & Retreats

Culture of Learning & Development

Flexible Working Hours

Work from Home Flexibility

## About BrainStation

Established in 2012, BrainStation is the global leader in digital skills training and workforce transformation. BrainStation has worked with digital leaders from the most innovative companies in the world, developing cutting-edge, real-world digital education that has empowered more than 100,000+ professionals.

**Bonus:** Have you been to a campus or joined an online learning opportunity? We are actively seeking individuals that believe in lifelong learning and that have taken part in our On Campus or Online offerings.

**NOTE:** Only those applicants under consideration will be contacted. Please accept our utmost appreciation for your interest.
